# Plain & Printed LDPE Stretch film

## Manual Grade & Machine Grade

- > LLDPE Stretch Films offer top-tier stretchability, elongation and tear-resistance.
- > These properties produce enough tension to hold pallet and carton loads together and unified. The highly stretchable film provides stability to pallet loads and bundled products.
- > It also prevents occurrences of theft and thereby provides increased security for cargo.
- > Machine Grade Industrial Stretch Films are especially used for Automated Pallet Wrapping Machines. The core is designed to universally fit the feeders of Automated Turntable/Rotary Stretch Film Wrapping Machines.
- > Our Machine Grade Stretch Films possess extra strength, durability and are extremely puncture resistant. These films have increased resistance to environmental factors such as sunlight

# BOPP SELF ADHESIVE TAPE

**STANDARD TAPE**

**COLOURED TAPE**

**PRINTED TAPE**

**JUMBO TAPE**

**Packaging Adhesive Tapes** Our company is one of the most excellent companies in the field of offering premium Packaging Adhesive Tape all over the market. It is used in various packaging applications. These tapes are made by using premium quality material and upgraded technology. These tapes are used in heavy duty packaging. We manufacture these at affordable prices in the market.

**Features :**

**Durable**

**Finest quality**

**High efficiency**

With vast experience and knowledge we are involved in offering a premium quality range of Brown Adhesive Tape. It is an ideal sealing tape. These are manufactured using fine quality material which we sourced from the trusted vendors of the industry. These tapes have low coefficient of fiction and tensile strength. Moreover, our range can be availed at market leading rates.

**Features :**

**Easy to use**

**High Quality**

**Durable**

Being the leading names in industry we are into offering a quality approved range of BOPP Self Adhesive Tape. These are used for the safe & secure packaging of cartons. We used best quality material and modern technology in manufacturing our products. Additionally, we also assure to deliver a defect free range of our products in a stipulated time frame.

**Features :**
